TOOLS
FOR
Success

In this professional development segment teachers create a meaningful classroom management plan that establishes more than “rules”. In this segment teachers learn to create an effective classroom environment where classroom management plans are the tool rather than the “rules”.

Topics to be discussed:

What is an effective classroom

How can an effective classroom management plan enhance your lesson plans? (the what, the who and the how)

How can effective classroom management maximize instructional time?

What is the difference in creating an environment of learning versus a classroom management plan?

What is the need for consistent and meaningful procedures?

How to get the most out of open communication and how to manifest it throughout the year.

Key takeaways:

Classroom management plan/classroom environment.

Effective and measurable daily, weekly and monthly lesson plan.

Backward planning-the need, the purpose and the goals.

Effective communication with parents.

We customize our packages for each individual school district based upon their needs, their wants and their challenges.
