Once classrooms are aligned with the standards it is vital that students are clear about what is happening in class every day. Daily Learning Targets allow the students to understand the purpose of their learning while providing the teacher a road map to getting there.

Topics to be discussed:

- What is a Daily Learning Target?
- How does a Daily Learning Target guide instruction?
- How to write a Daily Learning Target that utilizes all five components?
- How can a Daily Learning Target be communicated to all stakeholders?

Key takeaways:

- Daily Learning targets and a template to write them.

We customize our packages for each individual school district based upon their needs, their wants and their challenges.
